MC 501 Research Proposal Template

This file has moved. The MC 501 Research Proposal (sentence outline) template now lives on the course website, where it stays in step with the assignments page and the current schedule:

https://aura-lab.siue.edu/v2v-hub/mc501-research-proposal-template.html

That page carries the section names in order, what each section is worth, the expected number of outline points, the question each section answers, the checks that cost points, and a weaker and a stronger version of every section. The two-page printable structure to write into is the MC 501 Research Proposal Framework (PDF), linked at the top of that page:

https://aura-lab.siue.edu/v2v-hub/resources/MC501-Research-Proposal-Framework.pdf

The requirements, points, and due date are on the assignments page:
